ABOUT THE BOOK

A cyclone is coming to Useless Loop. Annie has never been in a cyclone, but she learns how to live through it by preparing properly and listening to others.

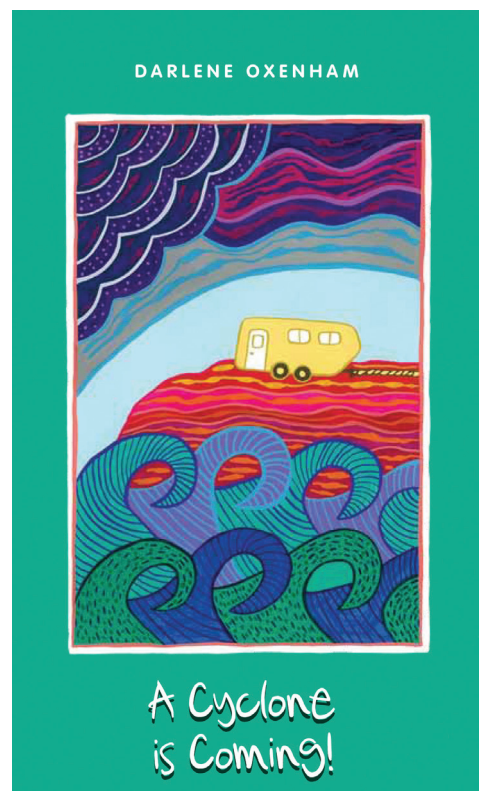

AUSTRALIAN CURRICULUM

Geography, Year 3

Geographical Knowledge and Understanding

The main climate types of the world and the similarities and differences between the climates of different places (ACHGK017)

Source: ACARA v5

TEACHING ACTIVITIES

Investigate what a cyclone is and what parts of Australia are most likely to be affected by them.

Research what can happen during a cyclone.

Make a list of what Annie and her family do to prepare for the cyclone in the book.

Create a poster to put up in a cyclone area or make a short advert to remind people of one of the most important things they should do to prepare for a cyclone.
