What birds can we see in the backyard?

In *Backyard Birds*, Helen Milroy shows us what kinds of feathery friends we can see in our gardens at home or even out in the bush or at the park. Colour in the birds and write their names in the spaces below.

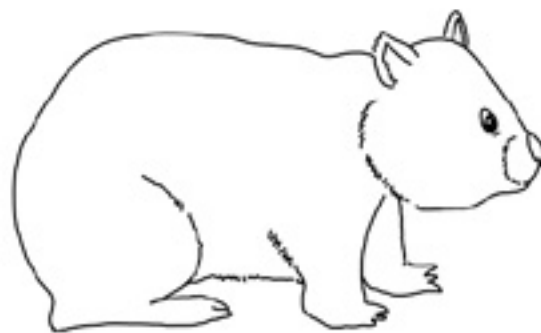

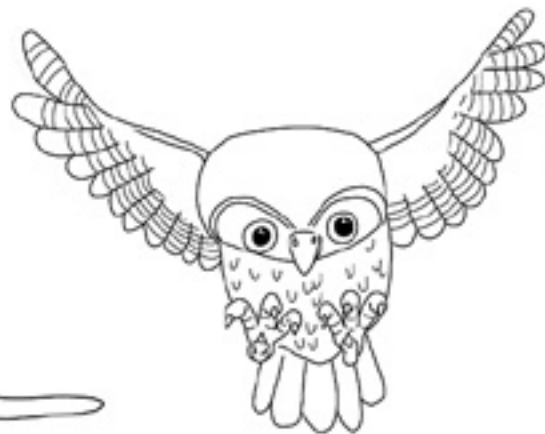

What colour are these Aussie animals?

1. How many colours can you see in this koala? List them here.

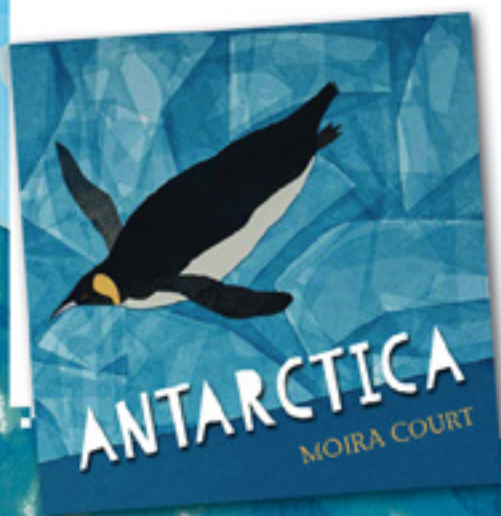

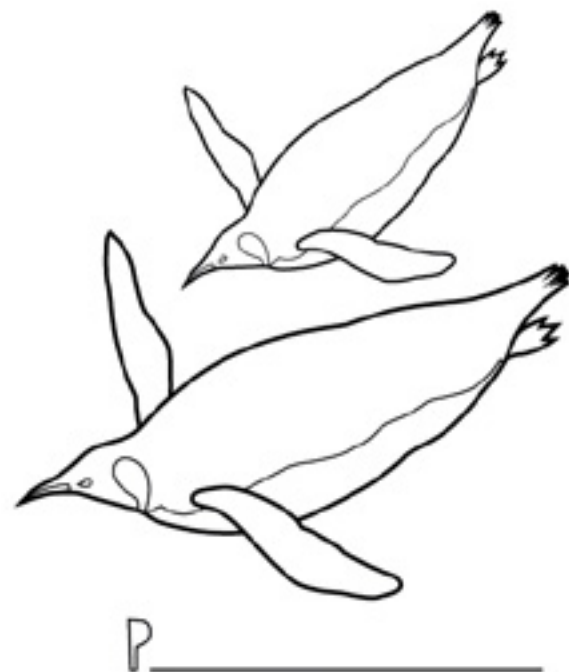

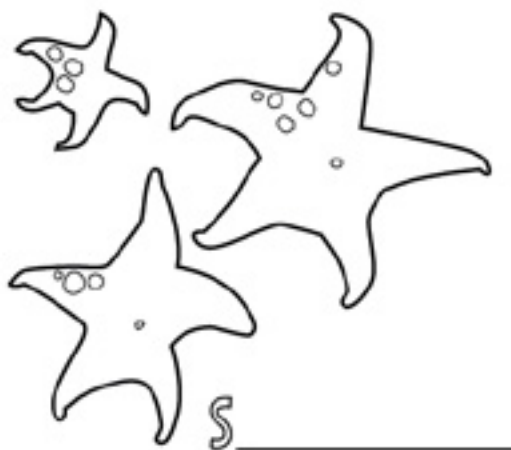

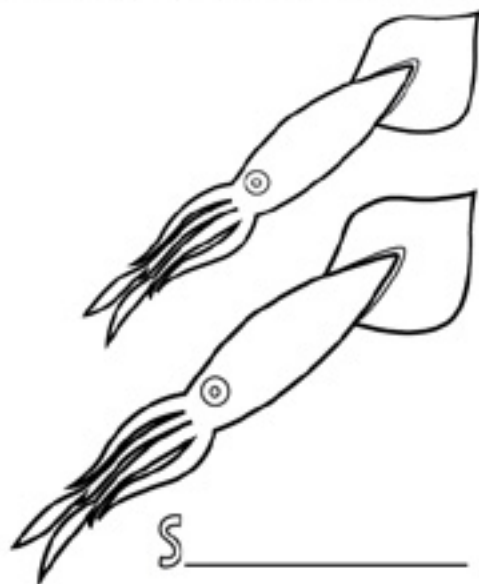

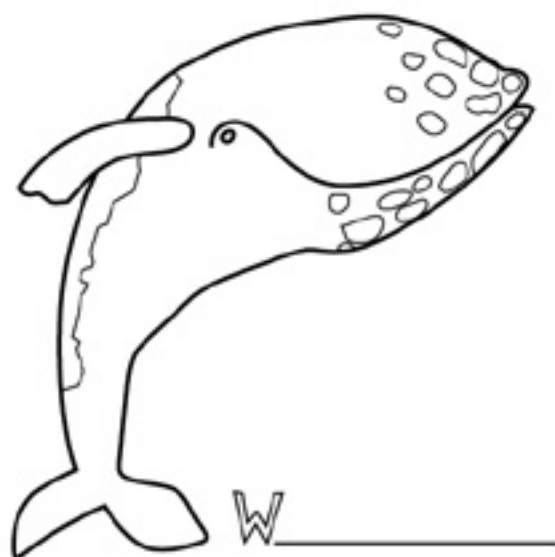

2. Now, using as many colours as you need, colour in each of the Aussie animals below, then write the name of the animal in the space provided.

COLOUR IN ANTARCTICA

Even though it's very cold in Antarctica, not everything there is white. In her new book *Antarctica*, Moira Court shows Antarctic animals in all their many colours. Now it's your turn to colour in the animals and fill in their names below.

Who is the smallest and who is the tallest?

RODNEY IS A SMALL TORTOISE WITH A BIG DREAM. All he wants is to be larger. Then one day, Rodney's dream comes true - or does it? It's all a matter of perspective!

COLOUR IN RODNEY AND HIS FRIENDS.

TELL US WHO IS THE SMALLEST AND WHO IS THE TALLEST ANIMAL IN THE JUNGLE. NUMBER THEM 1 TO 6 STARTING WITH 1 FOR THE SMALLEST AND 6 FOR THE TALLEST. WRITE YOUR NUMBER IN THE CIRCLE PROVIDED.
