

There are **lions** in this bushland, so they say.  
Shy, secretive mountain lions **hidden away**.

These elusive beasts should not be here though;  
their ancestors were left behind **long** ago.

Come on, let's take a **good look** around.

Are there **really** lions to be found?

Hey **Lion!**

Is **that you** behind those blackened grass trees?

Do lions have **long ears** and **springy knees**  
and a **warm woolly coat** of brawny-grey?

That's **not** lion ...

... that's **Kangaroo**  
ready to boing away.
