

# WHAT ARE YOUR ESSENTIALS?

When Bonnie Vale floods so does its gold mine, trapping a miner in a deep, dark shaft. And he waited days before he could be rescued. During that time, divers conveyed care packages from above. Imagine if you were trapped underground, what would you need or want sent down to you? What would be the most practical items you'd need? Write up a hierarchy of needs and wants in the event of an emergency.

# Dear pen pal...

In *Mel and Shell*, Shell writes to her pen pal Mary from 1829 and tells her about the things that would surprise her if she suddenly found herself in 1979. Imagine you had a pen pal who lived in 1979 – what would you tell them about the year you live in that would surprise them?
