Help save penguins from peril!

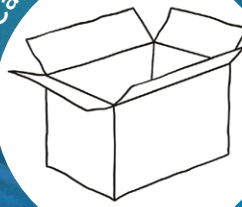

In *Penguin Peril*, Mitch brings attention to some of the dangers facing the little penguins on Penguin Island, like fishing and rubbish. Something that we can all do to help preserve our wildlife is recycle. Research with your local council on what rubbish in your home can be recycled then help Mitch and Bob sort out what rubbish needs to go in which bin by drawing an arrow to the correct one.

Cans

Cardboard

Plastic Bag

RUBBISH

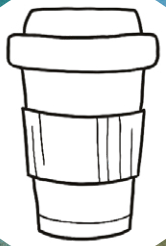

Used tissues

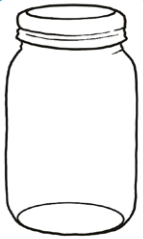

Polystyrene containers

Coffee Cup

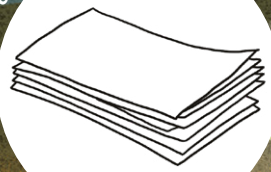

Glass Jar

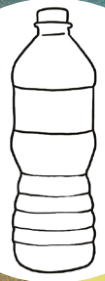

Paper

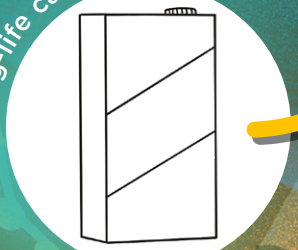

Plastic bottle

Food-soiled cardboard

Long-life carton

NATURE TRACKER

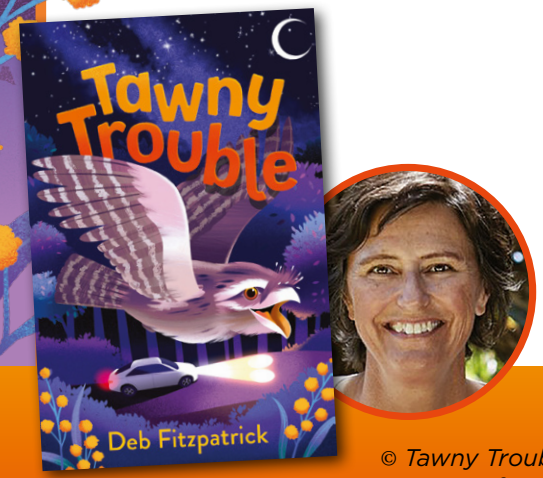

Draw the animal you saw!

In *Tawny Trouble*, when Tessa rescues a tawny frogmouth, it opens her eyes to the nature all around her.

Observe and discover the birds, insects and animals that live near you. Research them, then use the chart to tally how many times you see each species. Compare your chart with a friend's to see if any creatures match.

Looks like	Species	Diet	Location of sighting	Time of day	Tally
