The Adventures of Twigley

by Cathal Mongey & Lydia Greaves

From supple sapling to broken branch, and from strong hiking stick to brittle dog chew, you never know where your life is going to lead ...

ABOUT THE BOOK

Twigley is a small branch with big ambitions. Stuck at the top of his family tree, he longs to break free and see the world. One day, his mighty tree is felled by lightning. What seems like a fiery ending is, in fact, just the beginning.

Gorgeous illustrations and a QR code to an original soundtrack takes young readers on a hiking adventure in *The Adventures of Twigley.*

ABOUT THE CREATORS

Cathal Mongey grew up on stage in his local community theatre group, established by his grandfather Larry. He trained as a primary school teacher and this further fostered his love for storytelling and music. He has a master's degree in marketing and has been writing music for over 15 years. This is his first book.

Lydia Greaves studied illustration at university in the UK. She began her illustration career freelancing for international brands, such as Starbucks Korea, Simon & Schuster US, and *Frankie* magazine in Australia. Lydia's playful artwork invites eyes and hearts into new worlds.
